## A Visual Feast

Guests were taken on a journey of visual documentation, a tour around the world, as the photo exhibition showcases Speaker Tan's traveling memories of his globetrotting.

# HIGHLIGHTS

## WHEELCHAIR FENCING

The workshop was held on 2nd February at the Singapore Sports Hub where special guests, Ms Yu Chui Yee and Mr Fung Ying Ki, both Paralympic Gold medalists aimed to introduce wheelchair fencing to persons with disabilities, and kickstart the formation of a healthy wheelchair fencing community in Singapore.

Our youths aged between 12 to 20 years old were paired up, all eager to learn the basic techniques and benefit from this amazing opportunity!

## EAT . GROW . LOVE

With the collaborated effort from the participants of the NTU Alumni, a total of 100 bags of food ration were put together and packed for our families, with the aim to better their daily lives.

It was then presented to Club Rainbow during the ceremony, held on 23 February at the NTU Research Techno Plaza. Thank you NTU!

# Delicious Heirlooms

## BOOK LAUNCH

"Stories Behind Singapore's Oldest Family-Run Restaurants"

With a compassionate heart to help the children, author Ms Ow Kim Kit and Club Rainbow crossed paths in a previous fundraising initiative, which raised funds through the sales of Dreamseeds 2017 Merchandise.

The partnership further blossomed when Club Rainbow is chosen as the beneficiary of her book fundraising initiative, where proceeds from the book sale will go towards helping our children and their families. The book launch was held on 16 February at the National Library, attended by Guest of Honour, Ms Sim Ann, Senior Minister of State.

### A little summary on the author:

Ms Ow Kim Kit is a local lawyer whose love for food motivated her to put this book together. When not eating or researching old-school restaurants, she juggles between a busy banking and finance legal practice at Messrs bird & Bird ATMD LLP.

Delicious Heirlooms is now available at all leading bookstores.
